

SENIOR COMPANION PROGRAM 2014-2015 IMPACT MEASUREMENT TOOL

Please help us document the impact that Missoula Aging Services volunteers help provide to your organization. We are required to provide this data as a condition of continued funding. Thank you for your efforts to help us measure impact. Your assistance will allow us to keep Missoula Aging Services volunteers serving with your organization.

The Senior Companion grant for January 1, 2014 TO June 30, 2015 targets:

- At least 200 seniors or other adults with physical disabilities or chronic care conditions will receive an average of four hours of Senior Companion service or respite per week.
- 150 of the 200 matches receiving SCP services will report increased satisfaction in their quality of life since receiving a Senior Companion.
- ***Partially as a result of SCP services***, at least 144 of the 200 seniors and other adults with physical disabilities or chronic care conditions served ***will retain their current level of independence*** while matched with the Senior Companion.

1. Our records indicate (see attached) that your station's Senior Companions had _____ ***client matches*** from January 1st, 2014 through June 20, 2015.
2. Please tell us how many of the clients in matches ***retained their current level of independence*** while matched to the Senior Companion? _____
 - *Please consider all client matches on the list attached regardless of how long the client stayed in your program or why the client transitioned out of your program.*
3. Please tell us how many of those clients matches (includes caregivers) **report increased satisfaction in their quality of life** since receiving a Senior Companion? _____
4. Please tell us how many clients are currently awaiting the services of a Senior Companion at your organization? _____
